## Report

The purpose of proposed Charter Bylaw 19463 is to change the zoning from the (RF6) Medium Density Multiple Family Zone to a (DC2) Site Specific Development Control Provision; Lots 21A & 21B, Block 164, Plan 8022425 and Lots 19-20 & 22-26, Block 164, Plan I23A. The proposed DC2 Provision would allow for a short mid-rise building with the following characteristics:

- A maximum height of 22 metres (approximately 6 storeys);
- A maximum floor area ratio of 3.9;
- Up to 159 dwellings (including at least ten with 3 bedrooms and no less than 50% with 2 bedrooms);
- Townhouse style dwellings at the ground level facing 86 Avenue NW; and
- Underground parking accessed from the lane.

The initial rezoning application for this site was for a high-rise tower, but the applicant modified their proposal as a result of Administration’s review and public consultation.

An amendment to the Garneau Area Redevelopment Plan (Bylaw 19462) is also proposed to facilitate this rezoning.

All comments from civic departments or utility agencies regarding this proposal have been addressed.

### **Public Engagement**

The applicant sent out a Pre-Application Notification to surrounding property owners and the president of the Garneau Community League on May 16, 2019. A mail-drop through Canada Post was also done to 2095 mailing addresses in the same geographic area to ensure those actually residing in the immediate area were notified (renters).

Advance Notice for the initial high-rise proposal was sent to the same recipient list as the Pre-Application Notification, including the same mail-drop area, on July 25, 2019. 19 responses were received.

On October 22, 2019, a Public Engagement Session was held for the initial high-rise proposal. 103 people attended.

Advance Notice for the revised mid-rise proposal was sent to surrounding property owners and the president of the Garneau Community League on April 14, 2020. 17 responses were received.

Due to public health precautions related to COVID-19, a second in-person Public Engagement Session was not held for the revised mid-rise proposal. Instead, between July 13 and August 3, 2020, online feedback was collected through the City's Engaged Edmonton webpage. The page was visited by 521 people, 45 of whom either asked questions or left comments.

Feedback received from all of the above is summarized in the attached Administration Report.
