

### Face Covering Compliance Data

Face covering compliance has been tracked since the bylaw came into effect. The overall compliance for the entire period (August 1 to November 2) is 97%. The following figure shows weekly compliance from August 18 to present.

Overall mask compliance has remained above 95% since the initial increase in compliance when the bylaw first came into force. Latest compliance data for the City of Edmonton is available on the [Covid-19 Dashboard](#). The figure below is a screenshot of the dashboard (data for October 20 - 26, 2020).
