THE CITY OF EDMONTON

MAYOR

CITY CLERK

CHARTER BYLAW 18890

SCHEDULE "B"**(DC1) DIRECT DEVELOPMENT CONTROL PROVISION****1. General Purpose**

To establish a Direct Development Control Provision to accommodate utility systems or works limited to a Renewable Energy Device (solar power plant) and future water treatment plant and Community, Educational, Recreational and Cultural Services.

2. Area of Application

The Provision shall apply to lands legally described as Lot 1, Block 1, Plan 8722572, Lot 2, Block 1, Plan 0123893, and a portion of NW 3-52-25-4, River Valley Cameron.

3. Uses

- a. Major Impact Utility Services
- b. Minor Impact Utility Services
- c. Public Libraries and Cultural Exhibits
- d. Publicly Accessible Private Park
- e. Public Park
- f. Special Event
- g. Urban Gardens
- h. Fascia On-premises Signs
- i. Freestanding On-premises Signs
- j. Projecting On-premises Signs
- k. Temporary On-premises Signs

4. Development Regulations

- a. Development of the Renewable Energy Device (solar power plant) on the Site shall be in general conformance with the attached Concept Plan.
- b. The minimum Setback shall be 4.5 m, however where any Lot line of the Site Abuts the Lot line of a Site zoned PU, no setback shall be required, and:
 - i. Any Renewable Energy Device (solar power plant) shall have a minimum setback of 100 m from any Lot line Abutting the North Saskatchewan River, in accordance with the attached Concept Plan.
- c. The maximum building Height shall be 18 m. Where a building exceeds 10 m in Height, the building shall minimize its visual impact through:
 - i. Location on site; and
 - ii. Landscaping and screening.

- d. A Fence shall be installed along the perimeter of the Renewable Energy Device (solar power plant) in accordance with the attached Concept Plan.
- e. Notwithstanding Section 55 of the Zoning Bylaw, landscaping requirements shall be as follows:

Detailed landscaping plans shall be submitted with the Development Permit application for the revegetation of native trees and shrubs on the southern boundary of the site, as shown on the attached Concept Plan, to the satisfaction of the Development Officer in consultation with Urban Form and Corporate Strategic Development (Urban Growth and Open Space Strategy).
- f. Developments in this Zone shall comply with the Industrial Performance Standards applicable to the IB Zone.
- g. Where it is unreasonable for a development to comply with clause 4.b., 4.c., or 4.f., because of characteristics fundamental to the provision of infrastructure services, the Development Officer may relax requirements of clause 4.b., 4.c., or 4.f., as required.
- h. Where this Zone Abuts the A Zone, the Development Officer in consultation with Urban Form and Corporate Strategic Development (Urban Growth and Open Space Strategy), may require an Environmental Impact Assessment in accordance with this Bylaw.
- i. Major Impact Utility Services may include a Renewable Energy Device (solar power plant).
- j. The Development Officer may require a Geotechnical Report prepared by a registered Professional Engineer.
- k. As a condition of a Development Permit(s), the owner shall enter into a Servicing Agreement(s) with the City of Edmonton to the satisfaction of the Development Officer in consultation with Urban Form and Corporate Strategic Development (Urban Growth and Open Space Strategy) that shall include:
 - i. A Wildlife Monitoring and Mitigation Plan be developed and submitted to the City for approval prior to commencement of construction. This Plan shall include methods for collecting baseline, site-specific surveys to be completed prior to site disturbance. The Plan must also provide a defined monitoring schedule for both pre- and post-construction activities. It must also outline roles and responsibilities for monitoring and implementation as well as a defined timeline for issuance of post-construction monitoring and mitigation reports. The Plan shall outline post-construction monitoring and mitigation reporting requirements, the process for determining if additional mitigation measures are required, and procedures for consultation with Alberta Environment and Parks, Alberta Utilities Commission, and the City of Edmonton regarding wildlife mortality losses.
- l. Signs shall comply with the regulations of Schedule 59C.
- m. Freestanding On-premises Signs shall comply with the regulations of the subsection 59C.3.1.

Concept Plan
