

Requests to Reschedule Reports

Utility Committee

December 4, 2020

Recommendation:

That the following revised due date, be approved:

1. 2018 Performance Based Progress report - Cost of Service Study Update
CR_5156 - Financial and Corporate Services

Original Due Date: December 4, 2020

Revised Due Date: February 5, 2021

- Justification: To provide complete information in relation to the cost of service study, the response to the motion in CR_5156 is better timed with EPCOR's performance based regulation applications in February 2021 to establish rates for water services for the period April 1, 2022 to March 31, 2027. Cost of service impacts the rates proposed.

2. Home Adaptation Strategies and Programs - Update and Analysis
CR_8090 - Urban Form and Corporate Strategic Development

Original Due Date: December 4, 2020

Revised Due Date: August 27, 2021

- Justification: As most of the SIRP Secure activities were adversely impacted by COVID-19 with EPCOR unable to schedule any in home flood proofing inspections and the workshops that were planned with the insurance sector being cancelled, this report will now be provided in Q3, 2021
