New CSMP Webpage

The screenshot shows the City of Edmonton website interface. At the top, there is a dark blue header with the Edmonton logo on the left, navigation links for '311', 'Jobs', and 'Contact us' in the center, and a search bar on the right containing 'Search edmonton.ca'. Below the header is a horizontal menu with icons and labels for various city services: 'Activities, Parks & Recreation', 'Attractions & Events', 'Business & Economy', 'City Government' (highlighted), 'City-run Projects & Plans', 'Driving, Cycling & Walking', 'Home & Neighbourhood', 'Programs & Services', and 'Transit (ETS)'. A secondary navigation bar below the menu contains 'Home', 'City Government', 'Environment, Climate Change, Energy', and 'Contaminated Site Management Program' (highlighted in green). The main content area features a large heading 'Contaminated Site Management Program'. Below the heading is a paragraph of text: 'The City owns approximately 9,000 titled properties (22,000 acres/8900 hectares). An important part of managing these land assets is understanding and addressing the risks associated with environmental contamination. In order to do this, the City has created a formal city-wide Contaminated Sites Management Program (CSMP). The CSMP includes 4 main components which address the following:'. This is followed by a bulleted list: '• Site identification', '• Site management', '• Real estate related concerns', and '• Third party liability'.
