

Status of Reports

Urban Planning Committee

May 21, 2019

Recommendation:

That the following revised due dates be approved:

1. Analysis of Tiny Homes

Urban Form and Corporate Strategic Development - CR_6599

Original Due Date: May 21, 2019

Revised Due Date: September 3, 2019

- Administration recommends this extension to allow for additional stakeholder consultation, including utilities providers and tiny home developers.

2. Arterial Road Planning and Delivery Process

Integrated Infrastructures Services - CR_6764

Original Due Date: May 21, 2019

Revised Due Date: June 11, 2019

- Administration is requesting an extension to gather additional feedback and include perspectives from multiple stakeholders throughout the organization whose work contributes to the outcomes and information being shared within the report.

3. Smart Traffic Signal Pilot Results

City Operations - CR_6429

Original Due Date: September 17, 2019

Revised Due Date: Q1 2020

- An update will be provided in report CR_7204 (June 11) while the full data collection and analysis will still be occurring until the end of 2019.
