Mobile Police Training Structures Inc.	\$97,000	<p>Northwest Campus Portable Walls Supply and delivery of Portable Walls at NW Campus.</p> <p><i>EPS Training Section requires a portable wall system for the NW Campus to support ongoing operational scenario-based training requirements.</i></p> <p><i>Based on research done by the RCMP, this particular wall system meets the portability and variability requirements for our training needs and is currently the only one of its kind. Other products on the market of this nature are permanent, not allowing for a wide variety of scenarios to be simulated in a relatively small dedicated space. More permanent systems are also substantially more expensive.</i></p>	P950145 Sole Source Issued upon recommendation of Edmonton Police Service
