

# Status of Reports

## Urban Planning Committee

### April 9, 2019

---

#### **Recommendation:**

That Urban Planning Committee recommend to City Council:

That the April 9, 2019, Integrated Infrastructure Services CR\_6773, be re-routed to the June 10, 2019, Executive Committee meeting.

#### 1. Lewis Farms Community Recreation Centre and Library Project Integrated Infrastructure Services - CR\_6773

**Original Due Date: October 29, 2019**

**Revised Due Date: June 10, 2019 EXECUTIVE COMMITTEE**

- The results of the requested Value Engineering have been completed earlier than anticipated. As the Value Engineering for Lewis Farms Facility and Park project may impact the approved schematic design, Administration recommends bringing report CR\_6773 forward earlier in the year. Moving the report from October to June will assist to ensure the project can continue design work
