

SINGLE-USE PLASTICS LAWS JURISDICTIONAL SCAN

PREPARED BY WASTE FREE EDMONTON

Updated as of December 26, 2018

CANADA

Province	Municipality	Type of Law (Effective Date)	Details of Law	Efficacy	Source
Alberta	Wetaskiwin	Bag Hybrid (July 9, 2019)	<p>Retail establishments are prohibited from selling or distributing single-use plastic checkout bags thinner than 2.0 mm thick. This will apply to any location where goods are offered for sale, including grocery stores, retail stores, farmers' markets, fast food or restaurants.</p> <p>After June 1, 2020 stores must charge a minimum of \$0.15 per single-use paper checkout bag (exceptions for fast food restaurants, food delivery, sit-down restaurants, and mobile catering businesses).</p> <p>An establishment found guilty of breaching the bylaw could be fined up at \$1,000 a day.</p> <p>Exemptions: plastic produce bags; plastic bags to contain fresh meat or fish products; plastic bags used to contain</p>	Bylaw not yet implemented.	https://www.wetaskiwin.ca/826/Plastic-Checkout-Bag-Bylaw

			bulk food items or bulk hardware items; plastic bags used to contain freshly prepared bakery items or other food items; plastic bags used for wrapping flowers or potted plants; dry-cleaning bags or other professional laundering bags; plastic bags used to contain dirty, greasy, or hazardous products or materials.		
	Regional Municipality of Wood Buffalo (10 communities including Fort McMurray)	Bag Ban (2010, revised in 2012)	<p>The ban includes single-use bags made of polyethylene, pulp and paper. Reusable bags are permitted and must be more than 2.25 mm thick.</p> <p>An establishment found guilty of breaching the bylaw could be fined up at \$10,000.</p> <p>Exemptions: single-use bags for bulk goods and meat products; food service establishments; pharmacies, dry-cleaners; and non-profits in the normal course of business.</p>	<p>According to RMWB staff interviewed in 2014, there has been 100% compliance with the bylaw. That conclusion is based on the fact that no fines have been issued. However, it is unclear whether the lack of fines resulted from 100% compliance, or if it is the result of a lack of monitoring and enforcement to ensure that violations are detected and tickets issued.</p> <p>RMWB also asserts that in the first year of the Bag Bylaw “a couple million bags were diverted from the landfills.” They credit the reduction, in part, to the fact that compliance was compulsory.</p> <p>A 2011 report found that approximately 70% of citizens were supportive of the ban one-year after it came into effect.</p>	<p>https://www.rmwb.ca/Doing-Business/Bylaw-Enforcement/Single-Use-Shopping-Bag-Bylaw.htm;</p> <p>http://www.rmwb.ca/AssetFactory.aspx?did=4417</p>

British Columbia	Victoria	Bag Hybrid (July 1, 2018)	<p>Bans single-use plastic checkout bags and paper bags not containing at least 40% post-consumer material.</p> <p>Businesses may provide paper checkout bags for a minimum charge of 15 cents per bag (rising to 25 cents on July 1, 2019), and reusable checkout bags for a minimum charge of \$1 per bag (rising to \$2 in 2019). These fees should be stated on customer bills. The Bylaw defines a reusable bag as a bag designed and manufactured to be capable of at least 100 uses, and primarily made of cloth or other washable fabric.</p> <p>The City's current focus is on developing education and awareness related to the bylaw. A Retail Toolkit has been developed to provide businesses with information and tools to help transition to the new bylaw.</p> <p>The City will begin administering fines in January 2019. Individual can be fined between \$50 and \$500, while a corporation can be fined between \$100 and \$10,000.</p>	The bylaw is new and still in the process of implementation so it is too soon to determine efficacy.	https://www.victoria.ca/EN/main/residents/climate-change/single-use-plastic-bags.html
	Vancouver	Single-use Plastics Strategy that includes a cup, straw and utensil ban (Nov 1, 2019)	<p>Priority Actions of the Single-Use Item Reduction Strategy include:</p> <ul style="list-style-type: none"> • By-law amendments that prohibit the distribution of: a) prepared food in expanded polystyrene foam cups and take-out containers, b) single-use plastics 	Bylaw not yet implemented.	https://vancouver.ca/green-vancouver/single-use-items.aspx ; http://council.vancouver.ca/20180516/documents/pspc2b-AppendixA.pdf

			<p>straws, and c) single-use utensils unless requested by the customer.</p> <ul style="list-style-type: none"> • By-law amendments that require business license holders to have reduction plans that significantly reduce the amount of disposable cups and plastic/paper shopping bags they distribute, with options to: <ul style="list-style-type: none"> o Distribute no disposable cups or plastic/paper shopping bags; o Distribute no free disposable cups or free plastic/paper shopping bags; o Other mechanisms that achieve a reduction target set by the City. • A recommendation to investigate options for the City to reduce the costs of collecting disposable cups and take-out containers in public waste bins and as litter and recover those costs through an appropriate mechanism from businesses that generate this waste. • Introduce a requirement for single-use cups, take-out containers, straws and utensils to be recyclable or compostable. • A future action to require businesses to collect single-use items for recycling or composting, contingent on development of recycling markets. 		
Quebec	Montreal	Bag Ban (January 1, 2018)	Retail establishments are banned from selling light plastic bags. A grace period for compliance was granted until June 5, 2018.	The ban is new and still in the process of implementation so not possible to determine efficacy.	http://ville.montreal.qc.ca/portal/page?_pageid=7418,142803238&_dad=portal&_schema=PORTAL; http://ville.montreal.qc.ca/sel

			<p>The law allows recyclable paper bags to be provided at a cost of no less than 15 cents and reusable bags at no less than \$1. On Jan. 1, 2020, the cost will go up to 25 cents for a paper bag and \$2 for a reusable bag.</p> <p>Once enforcement comes into place on Jan. 1, 2020, there will be fines attached to offences. Corporations can be fined up to \$10,000 and individuals up to \$500.</p> <p>Exemptions: paper bags and reusable bags (meant for at least 100 uses); bulk food plastic bags; bulk plastic hardware bag; plastic bags for meat, poultry or fish and frozen foods.; bags used for potted plants or to wrap flowers; medical supply or prescription drug bags; big plastic bags for things that won't fit in reusable bags; bags that protect vehicle tires between changeovers; bags that cover clothing after dry cleaning; plastic bag for live fish as a pet.</p>		plastic-bags-now-legislation-in-pe-216854/
Manitoba	Snow Lake and La Pas	Bag Ban (2016)	<p>Bans single-use plastic bags and any plastic bag not made of durable material suitable for reuse.</p> <p>Exemptions: bags for bulk goods or small hardware items; bags used to contain or wrap frozen foods, meat or fish, flower, potted plants, bakery foods; bags to</p>	Not able to locate publicly available data on effectiveness.	http://www.snowlake.com/Home/DownloadDocument?docId=ff430ca5-6cd4-4cc7-8e3a-30f066ecf51c;

			contain prescription drugs; dry cleaning bags.		
	Leaf Rapids	Bag Ban (2007)	<p>Bans single-use plastic bags.</p> <p>Fine of \$1,000/day for violation.</p> <p>Exemptions: Small plastic bags that are used to store non-packaged goods; confectionery; cooked foods; ice; fresh meat/fish/poultry; bags that cost more than \$1.50.</p>	<p>Quote from Mayor Ed Charrier: "The retailers in town think our bylaw is wonderful. They don't have to buy bags to give away. Instead, they sell reusable bags and can make money, although most retailers sell reusable bags on a break-even basis. One store owner was skeptical at first, wondering if the store would lose business to outsiders if bags weren't given away. But this fear did not become an issue. Our residents are taking more pride in our community because they're doing something that's good for the environment and certainly our residents are proud to be the first in North America to do this. The town is much cleaner following the ban and we expect it to be even cleaner than that over time. The cost for clean-up is reduced this year and next year we should see an even greater reduction in costs."</p>	http://www.civicgovernance.ca/wordpress/wp-content/uploads/Innovative_Strategies_Plastic_Bag_article.pdf
	Thompson	Bag Ban (2010)	<p>No person shall sell or provide single-use plastic bags (defined as a bag made with less than 2.25 mils thick polyethylene, including biodegradable bags) free of charge or allow single-use plastic bags to be sold or provided free of charge.</p>	<p>Not able to locate publicly available data on effectiveness.</p>	http://www.thompson.ca/p/plastic-bag-ban

			<p>Owners of retail businesses are permitted to provide alternatives to single-use plastic bags, such as reusable containers and bags for a charge or for free.</p> <p>No retail business shall deny the use of any reusable container by a customer for the transport of purchased items. Reusable containers is defined as a bag, box or other container that is specifically designed and manufactured for multiple reuse that is: 1. made of cloth or other machine washable fabric; 2. or made of other durable material suitable for reuse.</p> <p>Exemptions: bags used for bulk items; frozen foods; potted plants; to protect prepared foods; prescription drugs; and laundry.</p> <p>Fines issued in accordance with City of Thompson Fee and Fine Schedule.</p>		
Ontario	Toronto	Bag Fee (adopted in 2009, rescinded in 2012)	<p>Required retailers to charge \$0.05 for single-use plastic bags. In 2012, City Council decided to rescind the charge and mandate a ban on single-use plastic bags. However, a legal action was brought against the City to quash the ban. As a result, the forthcoming ban was turned down by City council in 2012. Council chose to go with education and outreach instead.</p>	<p>Between 2008 and 2012, waste audits demonstrated that there was a 53% reduction in waste after the fee was in effect. Since the Bag Fee was cancelled, bags in the waste stream have increased by 26%.</p>	<p>https://www.toronto.ca/legdocs/mmis/2013/pw/bgrd/backgrounfile-59290.pdf; http://www.torontoenvironment.org/campaigns/waste/bagbanfaq</p>

UNITED STATES

State	Region	Type of Law (Effective Date)	Details of Law	Efficacy	Source
California	Entire State	Bag Hybrid (2016)	<p>The law prohibits most grocery stores, large retail stores with a pharmacy, and convenience stores from providing single-use bags, unless the bags are made with recycled paper.</p> <p>Stores must provide customers with reusable grocery bags or with recycled paper bags, and must charge at least 10 cents for each bag.</p> <p>Exemptions: bags used by pharmacies for prescriptions; bags without handles used to protect a purchased item from damage or contamination; bulk foods bags; dry cleaning bags.</p>	"We calculated that due to both the wave of local ordinances and the statewide bag ban, plastic grocery bag litter has dropped by 72 per cent since 2010 and now accounts for less than 1.5% of items littered".	http://www.calrecycle.ca.gov/plastics/CarryOutBags/FAQ.htm ; http://leginfo.ca.gov/faces/codes_displayexpandedbranch.xhtml?lawCode=PRC&division=30.&title=&part=3.&chapter=5.3.&article=1.&goUp=Y ;
		Straw Ban (January 1, 2019)	<p>Bans full-service restaurants in the state from handing out single-use plastic straws to customers unless they ask for one. The law doesn't apply to fast food restaurants or convenience stores. Full-service restaurants can still hand out paper or metal straws unprompted by customers.</p> <p>Violators can face a \$25 fine per day after two warnings.</p>	The ban is new and still in the process of implementation so it is too soon to determine efficacy.	https://www.cnn.com/2018/09/20/us/plastic-straws-banned-in-california/index.html

	San Francisco	Bag Hybrid (2012)	<p>Ban on single-use checkout plastic bags and levy on compostable bags, recycled paper bags or reusable (>125 uses) bag of \$0.10. The charge must be displayed separately on customer receipt. Stores and food establishments are allowed to keep the charge.</p> <p>Exemptions: bags for bulk items; unwrapped prepared foods; to prevent damage to a good or contamination of other goods placed together in the same bag; leftover food from sit down dining; newspaper, laundry or dry-cleaning; and pharmacies.</p> <p>For those who are persistently out of compliance, a warning can be issued, and fines can range from \$100-\$500.</p>	Not able to locate publicly available data on effectiveness.	http://library.amlegal.com/nxt/gateway.dll/California/environment/chapter17plasticbagreductionordinance?f=templates\$fn=default.htm\$3.0\$vid=amlegal:sanfrancisco_ca;https://sfenvironment.org/checkout-bag-ordinance;https://static1.squarespace.com/static/54d3a62be4b068e9347ca880/t/57dc50aae6f2e1bd882d91a2/1474056363151/Merged+Plastic+Bag+Impacts+and+Bag+Ban+Results.pdf
	LA County	Bag Hybrid (2010)	<p>A ban on thin plastic carryout bags and 10 cent charge for paper. "Plastic carryout bag" includes compostable and biodegradable bags but does not include reusable bags, produce bags, or product bags. A reusable bag = minimum lifetime capacity of 125 or more uses, carry 22 or more pounds over a distance of at least 175 feet, has a minimum volume of 15 liters, made of cloth or other machine washable fabric and must be made of other durable material including plastic at least 2.25 thick</p>	The bag ordinance reduced single-use plastic bag distribution by 94%, including a 10-25% reduction in paper bag usage.	http://www.baglaws.com/assets/pdf/california_la_county.pdf ; https://www.surfrider.org/coalition-blog/entry/the-proliferation-of-the-plastic-bagban ; https://static1.squarespace.com/static/54d3a62be4b068e9347ca880/t/57dc50aae6f2e1bd882d91a2/1474056363151/Merged+Plastic+Bag+Impacts+and+Bag+Ban+Results.pdf ;

			be retained by stores for use in complying with the ordinance	also shows that the vast majority of consumers have shifted to reusable bags or no bags, and that the policy has actually reduced paper bag consumption by as much as 42%.	35427/DO135428/DO_135428.pdf
	Other	Bag bans (various dates)	Numerous other regions in California have enacted bag bans.	Not able to locate publicly available data on effectiveness.	List of other ordinances in California can be found here: http://www.baglaws.com/legislation.php?state=California
District of Columbia	Washington	Bag Fee (2010)	<p>All businesses that sell food or alcohol are required to charge 5 cents for every carryout paper or plastic disposable bag. The business retains 1 cent (or 2 cents if it offers a rebate when customers bring their own bag), and the remaining 3-4 cents goes to the Anacostia River Clean Up and Protection Fund.</p> <p>Exemptions: bulk items, frozen foods; meat and fish; flowers; potted plants; small bakery goods; prescription drugs; newspapers; small hardware items; trash, pet and yard waste; dry cleaning, and paper bags to take food home from a restaurant that has seating.</p>	<p>The fee has contributed about \$10 million from 2010-2014 to the Anacostia River Clean Up and Protection Fund.</p> <p>After the fee started, within months officials released figures showing a drop from a purported 22.5 million bags used per month to 3.3 million — an 85% decrease.</p> <p>Surveys showed that households estimated they had decreased bag use by 60%, from 10 bags a week to four.</p> <p>According to several independent studies, in less than five years after fee implemented, bag usage in DC has dropped by more than 50%.</p>	https://doee.dc.gov/sites/default/files/dc/sites/ddoe/publication/attachments/Anacostia%20Clean%20Up%20and%20Protection%20Act%20of%202009_3.20.15.pdf ; https://ggwash.org/view/38159/the-data-proves-the-dc-bag-fee-is-working ; https://www.washingtonpost.com/investigations/nickel-by-nickel-is-the-dc-bag-fee-actually-saving-the-anacostia-river/2015/05/09/d63868d2-8a18-11e4-8ff4-fb93129c9c8b_story.html?utm_term=.f9a65c3f5b37
Washington	Seattle	Styrofoam Ban (2009)	In 2009, Styrofoam was banned.	The plastic straw and utensil ban is new and still in the process of	http://www.seattle.gov/util/forbusinesses/solidwaste/food

Attachment 3

		Plastic straw and utensil ban (July 1, 2018)	<p>In 2010, it became a requirement that food service items (with the exception of straws and utensils) be either recyclable or compostable.</p> <p>Effective July 1 2018, the City banned plastic straws and utensils at "all food service businesses, including restaurants, grocery stores, delis, coffee shops, food trucks, and institutional cafeterias." Businesses can opt for straws and utensils made from more environmentally friendly materials such as paper, steel and bamboo. Still, the city suggests that businesses provide those only upon request. The ban carries a \$250 fine for any businesses who violate it, but the focus for the next year will be more on educating and assisting businesses with compliance than on enforcement.</p>	<p>implementation so not possible to determine efficacy.</p>	<p>yardbusinesses/commercial/foodpackagingrequirements/</p> <p>https://www.huffingtonpost.ca/entry/seattle-bans-plastic-straws-and-utensils_us_5b3a5536e4b05127ccea4a</p>
	Seattle	Bag Hybrid (July 1, 2017)	<p>Effective July 1, 2017, prohibits all Seattle retail stores from providing customers with single-use plastic carryout bags, including bags labeled "biodegradable," "degradable," "decomposable" or similar. Allows retail stores to provide customers with any size recyclable paper or reusable carryout bags but requires retail stores to charge a minimum of 5 cents for large paper carryout bags (these are typical grocery bags with a flat bottom greater than 60 square inches) and the bags</p>	<p>Resulted in roughly 100 million fewer single-use plastic bags in the region during the first six months after the ordinance took effect.</p>	<p>http://www.seattle.gov/util/groups/public/@spu/@conservation/documents/webcontent/01_025116.pdf;</p> <p>http://www.seattle.gov/util/MyServices/Recycling/ReduceReuse/PlasticBagBan/index.htm</p>

			must contain at least 40% post-consumer recycled fiber. It also prohibits all Seattle retail stores from providing customers with plastic bags (such as produce bags) that are tinted green or brown. Retail stores must show all bag-charges on customer receipts and get to keep all revenue. The charge is a taxable retail sale. It also allows retail stores to charge for smaller bags and carryout bags made of plastic 2.25 mil or thicker, at their discretion. There is a \$250 fine for violations.		
Hawaiian Islands	Entire State	Bag Hybrid (various dates)	<p>There is a de facto statewide ban as all of its most populous counties prohibit non-biodegradable plastic bags at checkout, as well as paper bags containing less than 40 percent recycled material.</p> <p>Bans in Kauai, Maui and Hawaii counties took effect between 2011 and 2013, with Honolulu becoming the last major county to approve a ban in 2015, adding a 15-cent charge for all reusable bags, effective July 2018.</p>	The bans in Hawaii resulted in many stores upping the thickness of their plastic bags to 2.25 mils to cross the threshold that separates “single-use” plastic from “reusable” plastic bags under many bag laws. This is something that would need to be addressed with any future legislation.	http://www4.honolulu.gov/docushare/dsweb/Get/Document195377/BILL059(16)%2c%20FD1%2c%20CD3.pdf ; http://www.opala.org/solid_waste/archive/plastic_bag_ban.html .
Massachusetts	Boston	Ban (December 2018)	<p>Retailers can only keep recyclable paper bags (100% recyclable and contains at least 40% post-consumer recycled material), compostable bags, or reusable bags in stock.</p> <p>Compostable bags are defined as conforming to ASTM D6400 standard;</p>	The ban is new and still in the process of implementation so it is too soon to determine efficacy.	https://www.boston.gov/departments/environment/reducing-plastic-bags-city-boston

Attachment 3

			<p>certified as capable of decomposing at the same rate as compostable materials.</p> <p>Reusable bags are defined as designed and manufactured to use more than once; made of durable material or durable plastic that is at least 3.0 mils (thousandths of an inch) in thickness.</p> <p>Only applies to “checkout bags” = carryout bag with handles.</p> <p>Exemptions: newspaper bags; bags used to wrap produce, frozen food, meat or fish; laundry/dry-cleaner bags; trash can liners.</p>		
New York	Entire state	Bag Ban (pending)	Bill to ban plastic bags by 2019 introduced in April 2018.	n/a	https://www.nytimes.com/2018/04/23/nyregion/plastic-bags-ban-cuomo-new-york.html ; https://www.governor.ny.gov/sites/governor.ny.gov/files/atoms/files/PlasticBagBan.pdf
	New York City	Styrofoam Ban (January 1, 2019)	The City’s Styrofoam ban will go into effect by January 1, 2019, following the dismissal of a lawsuit preventing the implementation of the ban. This means that food service establishments, stores, and manufacturers may not possess, sell, or offer for use single service expanded polystyrene foam food service articles or loose fill packaging.	The ban is new and still in the process of implementation so it is too soon to determine efficacy.	https://www1.nyc.gov/office-of-the-mayor/news/295-18/mayor-de-blasio-ban-single-use-styrofoam-products-new-york-city-will-be-effect

Attachment 3

			Over the first 6 months of the ban administration will work with businesses to ensure they understand the law and help them transition to new materials to replace foam products.		
New Jersey	Monmouth Beach	Ban on various plastic and Styrofoam items (June 2018)	Bans single-use plastic bags, straws, food containers, and take-out Styrofoam boxes. Includes fines of up to \$2,400 with warnings for initial violations.	The ban is new and still in the process of implementation so it is too soon to determine efficacy.	http://newjersey.news12.com/story/38266631/monmouth-beach-approves-ban-on-plastic-straws-bags
Illinois	Chicago	Bag Fee (February 2018)	<p>Jan 1, 2017 the city repealed its plastic bag ban after only 16 months and replaced it with a 7-cent-per-bag tax on paper or plastic bags starting February 2018. Five cents from the new tax goes to the city, the other two cents to stores.</p> <p>Exemptions:</p> <ul style="list-style-type: none"> • bags provided for prescription drugs; • bags used to prevent certain food items, such as raw meat, from contaminating other food or merchandise; • those used to bag loose bulk items; • take-out or dine-in bags; • bags for wrapping prepared food or baked goods; • those used for holding flowers or potted plants; • bags containing frozen foods. 	<p>The ban resulted in many stores simply upping the thickness of their plastic bags to 2.25 mils to cross the threshold that separates “single-use” plastic from “reusable” plastic bags.</p> <p>After the fee was enacted, the number of plastic and paper bags used dropped 42% in the first month afterwards. Of the 14,168 shoppers surveyed, only 49% percent used at least one disposable bag — down from the 82% before the tax. The tax is expected to add \$9.2 million to the city's coffers.</p>	<p>https://www.cityofchicago.org/content/dam/city/depts/bacp/Consumer%20Information/know2016flyerplasticbagban.pdf;</p> <p>https://www.dnainfo.com/chicago/20170424/lincoln-square-were-using-42-percent-fewer-bags-since-7-cent-tax-started-city-study-says/</p> <p>https://www.dnainfo.com/chicago/20160205/downtown/is-chicagos-plastic-bag-ban-working-no-advocates-say-people-must-pay/</p>
Oregon	Portland	Ban - 2015	Plastic single-use bags cannot be provided by retailers or food vendors at customer check-out.	In the year after the law was implemented the City found: there were fewer than five consumer	https://www.portlandoregon.gov/citycode/56750 ;

OUTSIDE NORTH AMERICA

Continent	Country	Type of Law (Effective Date)	Details of Law	Efficacy	Source
Europe	EU-Wide	2018 EU Directive	Under the Directive, single-use plastic items such as plastic straws, cotton swabs, disposable plastic plates and cutlery will be banned by 2021. It also requires that 90% of plastic bottles be recycled by 2025.	Directive not yet implemented.	https://www.bbc.com/news/world-europe-45965605
		2018 European Strategy for Plastics in a	On January 16, 2018 the European Commission adopted the first-ever European Strategy for Plastics in a Circular Economy. The plan seeks to eliminate plastic pollution and change the way plastics are produced and	The strategy is new and still in the process of implementation so not possible to determine efficacy.	http://ec.europa.eu/environment/waste/plastic_waste.htm

		Circular Economy	<p>consumed in the EU, with a focus on plastic bags, other single-use plastics, and fishing materials. The plan also seeks to improve the economic benefit of recycling, to create jobs through engaging businesses and producers, and to invest in innovation.</p> <p>By 2030 all plastic packaging produced and sold in Europe should be reusable or recyclable. Other 2030 targets include 65% recycling of municipal waste, 75% recycling of packaging waste, and a binding agreement to reduce landfill waste to a maximum of 10% of municipal waste.</p>		
		2015 European Union Directive on Single-use Plastic Bags	<p>The EU directive required Member States to take measures to reduce their level of consumption of plastic bags. To do this, they can either choose to, or cumulatively opt for:</p> <p>a) the adoption of measures guaranteeing that the annual level of consumption does not surpass 90 light plastic bags per person by 31st December 2019 and 40 light plastic bags per person by 31st December 2025, or the setting of similar objectives by weight. Very light plastic bags can be excluded from the national consumption objectives.</p> <p>b) the adoption of instruments guaranteeing that on 31st December 2018, no light plastic bag is provided free</p>	Not able to locate publicly available data on effectiveness.	https://www.surfrider.eu/wp-content/uploads/2016/11/guide_good-practices_web_en.pdf

			<p>of charge at the point of sale of merchandise or products, unless equally effective instruments are implemented. Very light plastic bags can be excluded from the scope of these measures. The banning of single-use plastic bags is also made possible by the directive.</p> <p>Furthermore, starting in May 2018, Member States must report their annual light plastic bags' consumption to the European Commission.</p>		
	France	<p>Bag Ban (2016)</p> <p>Plastic cup and utensil ban (2020)</p>	<p>France banned free distribution of thin single-use plastic bags typically distributed at grocery stores. A ban of thin green bags used for produce followed in January 2017.</p> <p>The newest addition to the Energy Transition for Green Growth Act proposes a ban on plastic plates and utensils, which will take effect in 2020</p>	Not able to locate publicly available data on effectiveness.	<p>https://www.nationalgeographic.com/people-and-culture/food/the-plate/2016/11/france-just-banned-plastic-forks--who-s-next-/</p> <p>https://www.cnn.com/2016/09/19/europe/france-bans-plastic-cups-plates/index.html</p>
	Ireland	Bag Fee (2002)	Fee is now 22-euro cents. The tax revenue goes into different programs aimed at environmental protection.	Resulted in a 90% reduction and an associated gain in the form of reduced littering. Costs of administration have been very low, amounting to about 3% of revenues. Response from the public and the retail industry, has been overwhelmingly positive. Central to this acceptance has been a policy of extensive	<p>http://www.irishenvironment.com/iepedia/plastic-bag-levy/</p> <p>https://www.researchgate.net/publication/5146973_The_Most_Popular_Tax_in_Europe_Lessons_from_the_Irish_Plastic_Bags_Levy</p>

				consultation with these stakeholders.	
	Italy	Bag Ban (2011)	Bans the use of plastic bags for fruit, vegetables and baked goods in favor of biodegradable and compostable alternatives.	Reduction of plastic bag consumption by more than 55% since 2011 (Surfrider Foundation Europe, 2017)	http://www.gazzettaufficiale.it/eli/id/2017/08/12/17G00139/sg; https://wedocs.unep.org/bitstream/handle/20.500.11822/25496/singleUsePlastic_sustainability.pdf?isAllowed=y&sequence=1
	England	Bag Fee (2015)	Large shops (retailers who have 250 or more employees) in England are required to charge 5p for all single-use plastic bags.	England's plastic bag usage drops 85% since 5p charge introduced. The charge has also triggered donations of more than £29m from retailers towards good causes	https://www.gov.uk/government/publications/single-use-plastic-carrier-bags-why-were-introducing-the-charge/carrier-bags-why-theres-a-5p-charge
	Scotland	Bag Fee (2014)	Requires retailers to charge at least 5 p for all single-use plastic bags. Customers are also required to pay for paper bags, as well as bags made from some plant-based materials. The legislation applies to all retailers, not just those selling food. Online outlets selling or delivering a product into Scotland are also required to charge for single-use bags. Exemptions: any single-use bag used only to contain unpackaged foods for human or animal consumption are excluded from the charge.	The law is raising 6.7M p in a year and sees usage cut by 80%.	https://www.legislation.gov.uk/sdsi/2014/9780111023211; https://www.bbc.co.uk/news/uk-scotland-34575364 http://www.bbc.com/news/uk-scotland-34575364
	Denmark	Bag Fee (1994)	Danish tax on plastic bags is approximately 50 cents US, part of which goes in taxes, and part to the business.	The tax had a remarkable effect on the use of plastic carrier bags. The introduction of the tax halved	file:///C:/Users/mello/Downloads/150812_Tax%20on%20plastic%20bags.pdf

			Bags are covered by the tax if they have capacity to handle at least 5 liters and they reasonably can be replaced by cloth bags, carrier net and the like. Very strong plastic bags directly comparable with cloth bags and carrier nets are not covered by the tax. Tax only applies in supermarkets, where customers buy the plastic bags. In clothing and similar shops however, plastic bags are offered free to customers by the shops, who pay the tax themselves	the consumption from around 800 million bags to 400 million bags, which amounts to around 80 bags per person annually. The retailer revenue has amplified the effects of the tax.	
	Slovenia	Bag Ban (2017)	Ban on free lightweight plastic bags	The ban is new and still in the process of implementation so it is too soon to determine efficacy.	https://wedocs.unep.org/bitstream/handle/20.500.11822/25496/singleUsePlastic_sustainability.pdf?isAllowed=y&sequence=1 http://www.plasticportal.eu/en/wepay-for-plastic-bags-in-slovakia-and-in-the-czechrepublic/c/4795/
	Spain	Ban turned to Fee (effective 2020)	Fee on consumer for disposable plastic bags with a thickness between 15 μ and 50 μ . The fee was intended to be introduced in March 2018, but was postponed. A total ban of lightweight and very lightweight non-compostable plastic carrier bags is supposed to come into effect in 2020	Fee not yet implemented.	https://wedocs.unep.org/bitstream/handle/20.500.11822/25496/singleUsePlastic_sustainability.pdf?isAllowed=y&sequence=1
	Latvia	Bag Fee (2009)	Fee on retailer for plastic bags (with two different rates for single and multiple use bags and depending on weight. Since then, most supermarkets	Plastic bag consumption dropped rapidly after implementation while use of reusable bags increased, but stabilized after the first year.	https://wedocs.unep.org/bitstream/handle/20.500.11822/25496/singleUsePlastic_sustainability.pdf?isAllowed=y&sequence=1

This law does not only cover the distribution of plastic bags, but also the import and production of them. There are fines ranging from \$20,000 to more than \$100,000 USD placed on manufacturers and distributors who break the law.	"As the second largest consuming country of plastic bags, it's no surprise that adhering to the ambitious law has taken time. The government is responding to the challenges the plastic bag ban poses by ensuring that plastic bag alternatives are easily accessible."	https://www.earthday.org/2018/04/20/lessons-from-the-countries-fighting-to-kick-the-plastic-bag-addiction/
