

# 2018 Performance Based Progress report - Cost of Service Study Update

## Request to Rescind

### Recommendation

That the following motion passed at the August 30, 2017, Utility Committee meeting, be rescinded:

That Administration work with EPCOR to provide an update on Cost of Service study as part of the 2018 Performance Based Progress report.

*Clerk's Note: In accordance with Council Procedures Bylaw 18155, a motion to rescind a motion that has been passed may be offered subsequent to the meeting at which the motion was passed if the rescinding is:*

- (a) made by a Councillor who voted with the prevailing side;*
- (b) brought more than one year after the date of the original motion; or*
- (c) brought after a General Election which has taken place since the date of the original motion*

### Previous Council/Committee Action

At the August 30, 2017, Utility Committee meeting, the following motion was passed:

That Administration work with EPCOR to provide an update on Cost of Service study as part of the 2018 Performance Based Progress report.

### Executive Summary

This report recommends a motion for rescission as the information requested by the motion was provided in EPCOR's Performance Based Rate application in February 2021.

### Report

In late February 2021, EPCOR Water Services Inc. submitted an updated Cost of Service study completed by HDR Engineering Inc. as part of the 2022-2024 Performance Based Rates applications for Wastewater Treatment and Drainage Services.

The application materials have been shared both directly with Council through a Google Drive folder, and are publicly available on the City website ([edmonton.ca/utilities](http://edmonton.ca/utilities)).

Utility Committee will consider the Rates Applications and report documents, including the cost of service information requested in the 2017 motion, at its June 25, 2021 meeting.
